RECORDED AUDITION GUIDELINES

SUBMITTING RECORDINGS THROUGH GETACCEPTD.COM - app.getacceptd.com/gordon

Gordon College is pleased to partner with getacceptd.com, an online network that connects applicants with performing arts programs, allowing for easy submission of digital recordings. **Live auditions are strongly recommended for all applicants.** However, in cases where distance prohibits a visit to campus, recorded auditions may be submitted through getacceptd.com. Outlined below are several important points of information concerning recorded auditions.

1. All applicants must complete **two** separate applications in order for the live or recorded audition to be considered for admission into the Department of Music:
   
   **FIRST:** The Gordon College Freshman/Transfer Application for Admission  
   **SECOND:** The Gordon College Music Application

2. Applicants who have scheduled—or intend to schedule—a live audition do not need to submit a recording through getacceptd.com. No prescreening video recordings are required.

3. DVDs, CDs, VHS tapes and other forms of media will not be reviewed. Video recordings must be submitted digitally using the following link: app.getacceptd.com/gordon.

4. Video recordings should feature repertoire that is within the framework of the suggested audition repertoire guide, available at [www.gordon.edu/music/repertoire](http://www.gordon.edu/music/repertoire).

5. The video camera should be set at an angle conducive to viewing the applicant’s technique. For example, a pianist should be sure that his or her hands are in the camera shot.

6. Please be sure that all audio is clear and that selections are saved in separate files, each labeled in the following format: composer_selection.mov (the file type/extension may vary).

7. A $30 fee will be charged for video submissions through getacceptd.com. Please note that this fee is charged by getacceptd.com and is not a fee charged by Gordon College.
